

***International Workshop***  
***‘Bioenergy Policies***  
***for Sustainable Development in Africa’***

***25-27 November 2008***

***Bamako, Mali***

***Workshop Programme - Draft***

***Workshop Venue:***

To be confirmed

***Workshop coordinators/contact points:***

Dr. Ibrahim Togola, Mali-Folkecenter ([ibrahim.togola@malifolkecenter.org](mailto:ibrahim.togola@malifolkecenter.org))

Dr. Rainer Janssen, WIP, Germany ([rainer.janssen@wip-munich.de](mailto:rainer.janssen@wip-munich.de))

Dr. Douglas Merrey, FANRPAN, South Africa ([djmerrey@fanrpan.org](mailto:djmerrey@fanrpan.org))

This workshop is implemented in close cooperation with the United Nations Environment Programme (UNEP), and the Roundtable on Sustainable Biofuels (RSB), an initiative of the EPFL Energy Centre. The workshop programme will include a RSB Regional Consultation for West Africa on 26 November.

COMPETE is co-funded by the European Commission in the 6<sup>th</sup> Framework Programme – Specific Measures in Support of International Cooperation (INCO-CT-2006-032448).

## The COMPETE Project

### **COMPETE Objectives**

The Competence Platform on Energy Crop and Agroforestry Systems for Arid and Semi-arid Ecosystems – Africa (COMPETE) will establish a **platform for policy dialogue and capacity building** and identify **pathways for the sustainable provision of bioenergy**

- to improve the quality of life and create alternative means of income for the rural population in Africa
- to aid the preservation of intact ecosystems in arid and semi-arid regions in Africa
- to enhance the equitable exchange of knowledge between EU and developing countries

### **COMPETE Activities**

COMPETE will deliver a matrix of multi-disciplinary and cross-sectoral work-packages

- to evaluate current and future potential for the **sustainable provision of bioenergy** in Africa in comparison to existing land use patterns and technologies
- to facilitate **South-South technology and information exchange** capitalising the world-leading RD&D in bioenergy in the key countries Brazil, Mexico, India, China and Thailand
- to develop **innovative tools for the provision of financing** for national bioenergy programmes and local bioenergy projects, including: carbon credits, bilateral and multi-lateral funding instruments, and the role of international trade
- to develop **practical, targeted and efficient policy mechanisms** for the development of bioenergy systems that enhance local value-added, assist local communities and address gender inequalities
- to establish the **Competence Platform** to ensure effective dissemination and knowledge exchange inside and outside the network

### **COMPETE Partnership**

The COMPETE partnership comprises 20 European and 23 non-European partners - 11 partners from 7 African countries, 3 regional African policy and financing bodies (African Development Bank; Food, Agriculture and Natural Resources Policy Analysis Network of Southern Africa; UEMOA - Biomass Energy Regional Program), 9 partners from Latin America and Asia - and the Food and Agriculture Organisation of the United Nations (FAO).

COMPETE Website: [www.compete-bioafrica.net](http://www.compete-bioafrica.net)

### **Workshop Organisation**

This international workshop is organised by Mali-Folkecenter and WIP Renewable Energies, Germany, in cooperation with the Food Agriculture and Natural Resources Policy Analysis Network (FANRPAN), South Africa, in the framework of the project COMPETE, funded by the European Commission, DG Research.

Furthermore, this workshop is implemented in close cooperation with the United Nations Environment Programme (UNEP), and the Roundtable on Sustainable Biofuels (RSB), an initiative of the EPFL Energy Centre.

### **Workshop Objectives**

The main objective of this workshop is to contribute to the development of sound and successful bioenergy policies in Africa.

For this, it is necessary to share the findings of on-going policy initiatives in Africa and to discuss future developments with high-level decision-makers from Africa with the aim to promote the development of bioenergy policies in Africa.

Today, it is widely accepted that coherent bioenergy policies in Africa are urgently needed on national, regional and international level to:

- **Exploit the benefits of innovative bioenergy solutions** with respect to sustainable rural development and improved livelihoods, increased energy access and income generation, alternative markets for agricultural products, security of energy supply, and diversification of energy sources
- **Avoid the dangers of negative social and environmental implications**, with regards to land competition, land ownership, insufficient value creation for local farmers, and the 'fuel versus food' debate.

In order to contribute to the workshop objectives the workshop programme will include a RSB Regional Consultation for West Africa on 26 November.

### **COMPETE workshop coordinators/contact points:**

Dr. Ibrahim Togola, Mali-Folkecenter  
Tel.: +223-220-06 17; Fax +223-220-60 04  
Email: [ibrahim.togola@malifolkecenter.org](mailto:ibrahim.togola@malifolkecenter.org)

Dr. Rainer Janssen, WIP Renewable Energies, Germany  
Tel.: +49 89 720 12743 ; Fax +49-89-720 12 791  
Email: [rainer.janssen@wip-munich.de](mailto:rainer.janssen@wip-munich.de)

Dr. Douglas Merrey, FANRPAN, South Africa  
Tel.: +27 12 845 9100; Fax +27 12 845 9110  
Email: [djmerrey@fanrpan.org](mailto:djmerrey@fanrpan.org)

Participants of this COMPETE workshop will include decision makers from several African countries, representatives from the Private Sector, NGOs, the donor community, FAO, UNEP, international initiatives as well as national and international energy experts and stakeholders.

## ***Workshop Programme***

### **TUESDAY 25<sup>th</sup> NOVEMBER 2008**

08:00 – 09:00      Workshop Registration

#### **Opening Session**

09:00 – 09:10      Welcome Address by the Host Organisation  
Dr. Ibrahim Togola, Mali-Folkecenter

09:10 – 09:20      Welcome Address by the Round Table on Sustainable Biofuels  
Sebastien Haye, Round Table on Sustainable Biofuels (EPFL)

09:20 – 09:30      The EC Project COMPETE – Activities and Results  
Dr. Rainer Janssen, COMPETE Project Co-ordinator, WIP, Germany

09:30 – 10:00      Official Opening Addresses  
Representative from Mali Government, Ministry of Energy,  
by the Minister (tbc)  
Representative from Mali Government, Ministry of Agriculture,  
by the Minister (tbc)

10:00 – 10:30      Coffee Break

#### **Session 1: Bioenergy Policies and Strategies in Africa**

Chairs: to be identified

10:30 – 10:45      Bioenergy Policies in Mali – Agriculture and Land Use Issues  
Director of Agriculture

10:45 – 11:00      Bioenergy Policies in Mali – Environmental Issues  
Director of Natural Conservation

11:00 – 11:15      Bioenergy Policies in Mali – Issues of Energy Supply and Energy Security  
Director of Energy

11:15 – 11:35      COMESA Strategies in the field of Biomass and Bioenergy  
Dr. Angel Daka, COMESA Coordinator CAADP Pillar 3

11:35 – 11:55      Bioenergy Policies in Tanzania  
Estomih Sawe, TaTEDO, Tanzania

11:55 – 12:15      UEMOA Strategies in the field of Biomass and Bioenergy  
Mamadou Dianka, UEMOA – Biomass Energy Regional Programme, Burkina  
Faso

12:15 – 12:30      Discussion

12:30 – 14:00 Lunch Break

## **Session 2: Bioenergy Initiatives for Sustainable Rural Development in Africa**

Chairs: to be identified

14:00 – 14:20 Jatropha-fuelled Rural Electrification Project in the Village of Garalo –  
Case Study implemented within the Mali World Bank Programme  
Ismael Toure, Director General AMADER, Mali

14:20 – 14:40 Case Study of Successful Commercial Jatropha Plantation in Ghana  
Ohene Akoto, Jatropha Africa, Ghana

14:40 – 15:00 to be identified

15:00 – 15:20 Discussion Round on 'Financing Sustainable Biofuel Projects in Africa'

15:20 – 15:50 Coffee Break

## **Session 3: The Trade-offs of Bioenergy in Africa – Ensuring Sustainability**

Chairs: to be identified

15:50 – 16:10 Aim and Objectives of the Round Table on Sustainable Biofuels (tbc)  
Annie Sugrue, Round Table on Sustainable Biofuels (RSB), South Africa

16:10 – 16:30 Biofuels and Agriculture in Africa – The Land Use Issue  
Dr. Helen Watson, University of KwaZulu-Natal, South Africa

16:30 – 16:50 Ensuring the Sustainability of Jatropha Production  
Dr. Guido Reinhardt, IFEU Institute, Germany

16:50 – 17:10 to be identified  
Representative from FACT Foundation

17:10 – 17:30 to be identified  
Dr. Charles Jumbe, FANRPAN, South Africa

17:30 – 18:00 Discussion Round on 'Ensuring Sustainability'

## **WEDNESDAY 26<sup>th</sup> NOVEMBER 2008**

### **Round Table 1 (08:30 – 10:00)**

#### **Bioenergy Policy Development for Africa – The COMPETE Declaration on Sustainable Bioenergy for Africa**

08:30 – 09:45      Round Table Discussion

Chair: Dr. Ibrahim Togola and Dr. Rainer Janssen

Rapporteur: to be identified

Panellists:

- Mali Govt. representative
- Mamadou Dianka, UEMOA, Biomass Energy Regional Programme
- Dr. Angel Daka, COMESA
- Dr. Jeremy Woods, Imperial College, UK
- Dr. Veronika Dornburg, Utrecht University, The Netherlands

09:45 – 10:00      Conclusions Round Table 1

10:00 – 10:30      Coffee Break

## **Regional Consultation West Africa – Round Table on Sustainable Biofuels (10:30 – 18:00)**

**10:30 – 10:45**      **Welcome**

**10:45 – 11:30**      **The Need for an International Standard**

- Introduction to the Roundtable on Sustainable Biofuels and introduction of the principles and criteria as defined through the consultative process
- The Experience of multi-stakeholder standardization projects

**11:30 – 13:00**      **Break-out Session: Criteria for Environmental Performance**

In smaller groups, draft criteria related to environmental sustainability of biofuels will be discussed. Main topics include:

- Protection of High Conservation Value areas (biodiversity, ecosystem services...)
- Sustainable management of water and soil
- Greenhouse Gas balance
- Impacts of land use change (direct and indirect) on biodiversity and GHG balance
- Biotechnologies

13:00 – 14:00      Lunch Break

**14:00 – 15:30**      **Break-out Session: Criteria for Social Performance**

In smaller groups, draft criteria related to social impacts of biofuels will be discussed. Main topics include:

- Community consultation
- Labor and land rights
- Rural development
- Food security

**15:30 – 17:00**      **Break-out Session: Implementation**

In smaller groups, issues related to implementation will be discussed, e.g. barriers to implementing sustainability criteria, the roles of various actors in the supply chain, the way to implement sustainability on small scale production.

**17:00 – 17:30**      **Report back, discussion, summary**

**17:30 – 18:00**      **Perspectives and Outlook**

## **Closure of COMPETE Workshop and RSB Regional Consultation**

18:00 – 18:30      Dr. Ibrahim Togola, Mali Folkecenter  
Dr. Rainer Janssen, COMPETE Project Co-ordinator, WIP, Germany  
Sebastien Haye, Round Table on Sustainable Biofuels (EPFL)

## THURSDAY 27<sup>th</sup> NOVEMBER 2008

### Technical Tour (08:30 – 10:00)

#### Visit to the Jatropha-fuelled Rural Electrification Project for 10.000 People in the Municipality of Garalo

07:00 – 10:00	Transfer from Bamako to Garalo by bus
10:00 – 15:00	Visit to the Garalo Rural Electrification Project
15:00 – 18:00	Transfer from Garalo to Bamako by bus

### Garalo Bagani Yelen – A New Paradigm of Energy for Sustainable Development

In the context of climate change and ever more expensive and insecure fossil fuel supplies, MFC Nyetaa has been working for 7 years to develop pilot projects to demonstrate that pure Jatropha oil can fuel Mali's future development in a sustainable way, to the benefit of local people. These projects, focusing on pure Jatropha oil (*see photo, woman collecting Jatropha seeds*) as a diesel substitute for multi-functional platforms, transportation and rural electrification, are acting as a model for future electrification projects in Mali, West Africa, and internationally.

MFC Nyetaa, in collaboration with its partners, has embarked on the implementation of a large scale Jatropha-fuelled rural electrification project in the village of Garalo in the Sikasso region of southern Mali. Based on the long standing request of the population to have access to modern energy, the commune of Garalo is setting up 1 000 ha of Jatropha plantations to provide the oil for a 300 kW power plant that will provide clean electricity for more than 15 years. MFC will organize the project activities and provide technical support. This innovative project will provide electricity and other modern energy services to more than 10 000 people of Garalo commune, transforming the local economy. It does so by providing power for productive use in small industries and businesses, generating employment, and by supplying power for social uses in schools, the maternity clinic and community buildings as well as for domestic use. As such this kind of project represents the new paradigm for sustainable development in Africa.

## ***Programme Overview – COMPETE Workshop and Meeting***

### **25 November 2008 (Tuesday)**

COMPETE Workshop 'Bioenergy Policies for Sustainable Development in Africa'  
Day 1

### **26 November 2008 (Wednesday)**

COMPETE Workshop 'Bioenergy Policies for Sustainable Development in Africa'  
Day 2  
Regional Consultation West Africa – Round Table on Sustainable Biofuels

### **27 November 2008 (Thursday)**

Site visit to Jatropha-fuelled Rural Electrification Project in Garalo

### **28 November 2008 (Friday)**

Internal COMPETE Meeting

**Accomodation**

To be defined

***Contact Hotel***

Special rates (for COMPETE partners)

**Travel Assistance**

To be defined

**COMPETE International Workshop**

**'Bioenergy Policies for Sustainable Development in Africa'**

**25-26 November 2008, Bamako, Mali**

**REGISTRATION FORM**

Please complete and return (email/fax) to:

**Rainer Janssen**  
**WIP-Renewable Energies**    **Tel. +49-89-720 12 743**  
**Sylvensteinstr. 2**            **Fax +49-89-720 12 791**  
**D-81369 München**           **e-mail: rainer.janssen@wip-munich.de**  
**Germany**
